# EJ FOX

**Dataviz Designer & Developer**

## EMPLOYMENT

### **Vocativ Graphics Editor**

October 2014 - June 2016 **NY**

Responsible for both day-to-day static data graphic creation as well as long-term interactive and dataviz strategy. Worked across teams to create processes for consistent and fast creation of graphics and increased graphic production from 2-4 graphics per week to 5-6 graphics per day. Also created quick-turn interactives and maps in response to breaking news. Received Knight grant for Dataproofer.

### **Freelance Dataviz Designer / Developer**

2008 - Present **NY & CA**

Responsible for the entire infographic creation process for a variety of clients. Found stories, researched data, created narratives, explored data, selected visualizations, creating pieces in Illustrator and D3.

Created internal and public-facing infographics and dataviz for GitHub, Mother Jones, Cisco, Sprint, Consumer Reports, Smirnoff, Digg, StumbleUpon, Huffington Post, Liberty Mutual Insurance

### **Visual.ly Staff Designer**

June 2011 - May 2012 **CA**

Responsible for creating static and interactive infographics for clients. Also created marketing materials, presentations, and newsletter emails in a fast-paced startup environment.
